NEW E-CORPKIT® PREMIER

Our newest electronic product, helps organize and give you full control over all of your company documents. Have a lot of companies you manage documents for? Not a problem. E-Corpkit® Premier has the ability to store thousands of companies, their documents and data.

This very comprehensive program will allow you to:

- Keep all the companies you represent in one easy accessible program.
- Can be used for Corporations, LLC's, Not-for-Profits and Partnerships.
- Issue your certificates to the owners/investors either in draft form or as an actual certificate.
- The ability to send individual electronic certificates by email.
- Automated transfer or member ledger. Once you have entered the data on the investor and issued the certificates, the data will automatically be posted on the electronic ledger.
- Manage all your documents by importing them into the individual company. The Articles, Filing Receipts, IRS Documentation and Minutes of Future Meetings can all be easily saved in the individual company files with easy access.
- Look and feel of the regular kit without the bulk of a physical kit.
- All documents are stored in the tab section of the program just like you would store documents in the physical kit.
- All documents have print on demand capability.
- Ease of adding additional certificates if they have been all issued.
- Electronic E-Corpkit® seal included in the package.
- If you purchase our bylaws/operating agreements, those files will be saved behind the corresponding tab for easy access and use.
- When you receive the product, you will receive two files, one will be the software we have developed to run E-Corpkit® Premier, and then the second file would be the individual company data you purchased. Since the program runs on Java 8 or higher, you must either already have Java 8 or you must retrieve the free software. If you do not have it, a link will be provided for you to download it. You must download Java first before you save the program or the individual company files to it.

E-CORPKIT®

SAME DAY DOCUMENTS IN PDF FORMAT

E-Corpkit® gives you these benefits:

- Each entity's information is delivered to you for easy access and import to your system whether it is local PC or to your server.
- Your E-Corpkit® files will have the look of a real record book, without the bulk of a loose-leaf binder.
